BX TECHNOLOGIES PVT LTD

Logo guide

Version 1 · November 2026

Website, light
horizontal-compact (C1) · header. Min 40px tall. C2 without bars: see page 2.

Website, dark
horizontal-compact-white · footer. Min 40px tall.

Large horizontal
horizontal / -white · banners, slides. Min 60px tall.

Mark only
favicon, app icon, social avatar. Min 16px.

Stacked
stacked / -white · business cards, title slides, merchandise. Not on the website. Min 100px tall.

Original · print master
print/original / -white · letterheads, invoices, contracts, company profile. Min 1.5 in wide.

Clear space
Keep free space of at least the height of the dot above the X on all sides (about 10% of the logo height).

Colours

Blue gradient · B, left bar
#38C6F4 (56, 198, 244) → #00AEEF (0, 174, 239)

Text grey
#3B3C3E (59, 60, 62)

White · text on dark
#FFFFFF (255, 255, 255)

Green gradient · X, check, dot, right bar
#B7D433 (183, 212, 51) → #7BBC42 (123, 188, 66) → #1B9C4B (27, 156, 75)

Navy · dark background
#0B1F33 (11, 31, 51)

Don't

- Recolour the mark or the bars
- Stretch, squash or rotate the logo
- Add shadows, glows, outlines or other effects
- Rearrange the B, X, dot or wordmark
- Place the colour version on busy photos or mid-tone backgrounds
- Use the stacked or original logo in the website header

WEBSITE LOGO

Two approved versions: with and without bars

C1 With bars

Use where the logo is 40px tall or more: website header and footer, presentations, banners. Keeps the link to the original logo.

C2 Without bars

Use below 40px tall, on mobile, in email signatures and app screens, or where the bars would be too thin to print or display cleanly.

Files: horizontal/bx-logo-horizontal-compact(-white) and horizontal/bx-logo-horizontal-compact-nobars(-white), SVG + PNG.
